DETAILED ACTION

Claim Rejections - 35 USC § 112

1. The following is a quotation of the first paragraph of 35 U.S.C. 112:

The specification shall contain a written description of the invention, and of the manner and process of making and using it, in such full, clear, concise, and exact terms as to enable any person skilled in the art to which it pertains, or with which it is most nearly connected, to make and use the same and shall set forth the best mode contemplated by the inventor of carrying out his invention.

2. Claims 21 and newly submitted claims 27-30 are rejected under 35 U.S.C. 112, first paragraph, as failing to comply with the written description requirement. The claim(s) contains subject matter which was not described in the specification in such a way as to reasonably convey to one skilled in the relevant art that the inventor(s), at the time the application was filed, had possession of the claimed invention.

Claims 21 and 30, the phrase "providing the first and the second web simultaneously in a spaced apart position" is not supported by the specification, as originally filed. The specification relates to a first web being coextruded with the adhesive and the release layer onto a second web. However, there is not teaching as to providing the two webs simultaneously and spaced apart as is now being claimed. Hence, this phrase is deemed to be new matter.

Rejection Withdrawn

3. Claims 14, 18 and 21 are rejected under 35 U.S.C. 103(a) as being unpatentable over Pedginski (WO 95/33013) in view of Duncan (4626460) made in the last Office Action has been withdrawn in view of the amendment filed on February 6, 2006.

Art Unit: 1772

4. Claims 18 and 21 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite has been withdrawn in view of the amendment.

Response to Arguments

5. Applicant's arguments with respect to claim 21 and 27-30 have been considered but are moot in view of the withdrawn rejections as discussed above.

Reinstatement of Withdrawn Prior Art Rejection

6. However, Applicant is reminded that the withdrawn rejection would be reinstated, upon removal of the new matter as discussed above.

Conclusion

7. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of

Art Unit: 1772

the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
